

## **I-80 from Delle to Rowley and I-80 from Burmester to Edge of Concrete**

**Project Description:**            **Pavement preservation**

To prolong the life of the roadway also to improve the ride for motorists, UDOT plans to repave I-80 in this area. Crews will grind several inches off the top of the existing pavement prior to laying the new asphalt.

**Total Project Budget:**        **\$1.3 million**

**Anticipated Schedule:**        **This project is projected for construction during the 2006 construction season.**

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
